Sample Filter

Easy to clean filter

Features:

- Improved user friendly design
- Remove the cap, take out the element, clean and replace
- Ergonomic design
- Easy to install
- Hex cap ensures better grip

Sample filter to remove suspended matter:

The Forbes Marshall Sample Filter provides clean sample, free from suspended matter. Any particles of size upto 40 microns are filtered in this unit. The hexagonal cap makes it easy to remove the filter element. It is possible to remove this element, clean it and replace it back without a need to remove complete filter assembly from the line. The forged body gives this filter a fresh new look. The new Forbes Marshall filter has been found to be one of the most user friendly filter available today.

Specifications:

- Forged stainless steel housing
- Hexagonal cap for easy removal
- Pressure rating : 250 Kg/Cm²
- Pressure differential across the filter : < 2 Kg/Cm²
- Temperature rating : 100°C
- Inlet / Outlet connection : ¼" OD (Double ferrule compression type)
